

Idea #1:

Bluetooth Module w/ Arduino

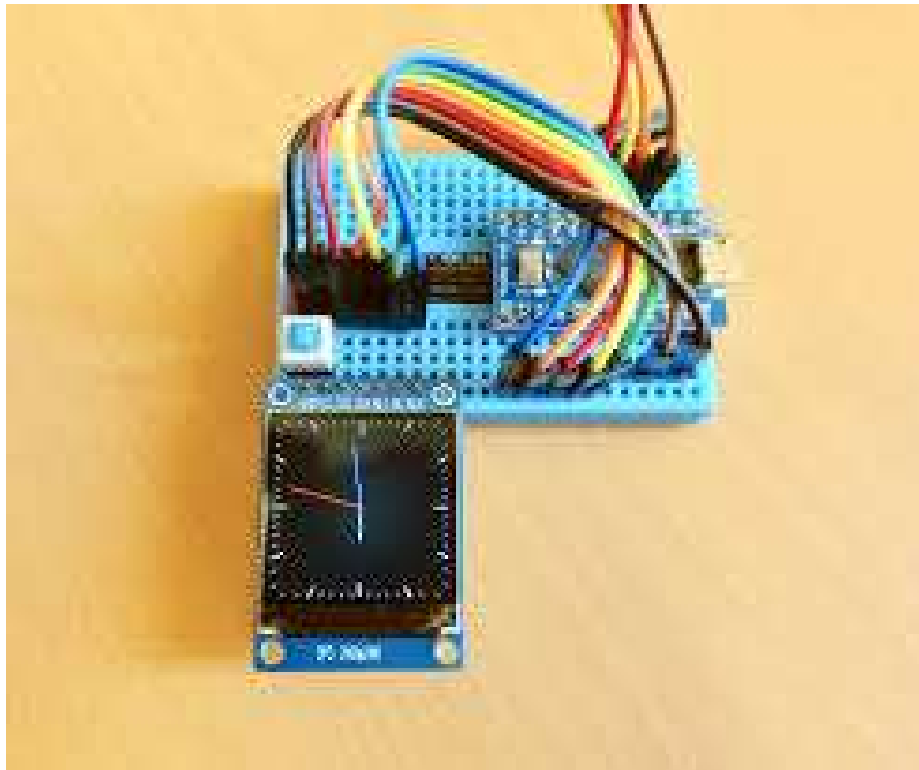

Idea #2:

Temperature Sensor w/ Arduino

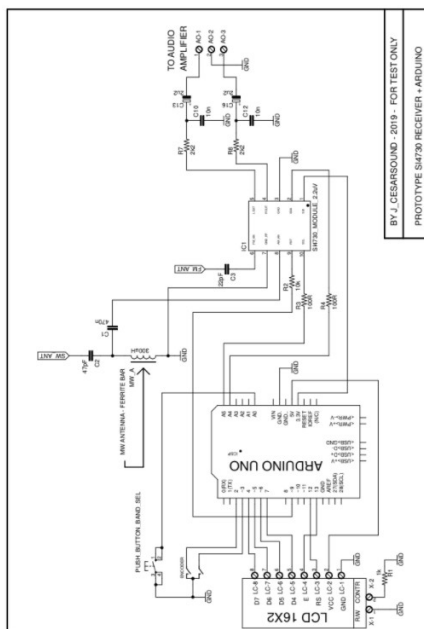

Idea #3:

LCD With Personal temperature Sensor with Arduino Watch

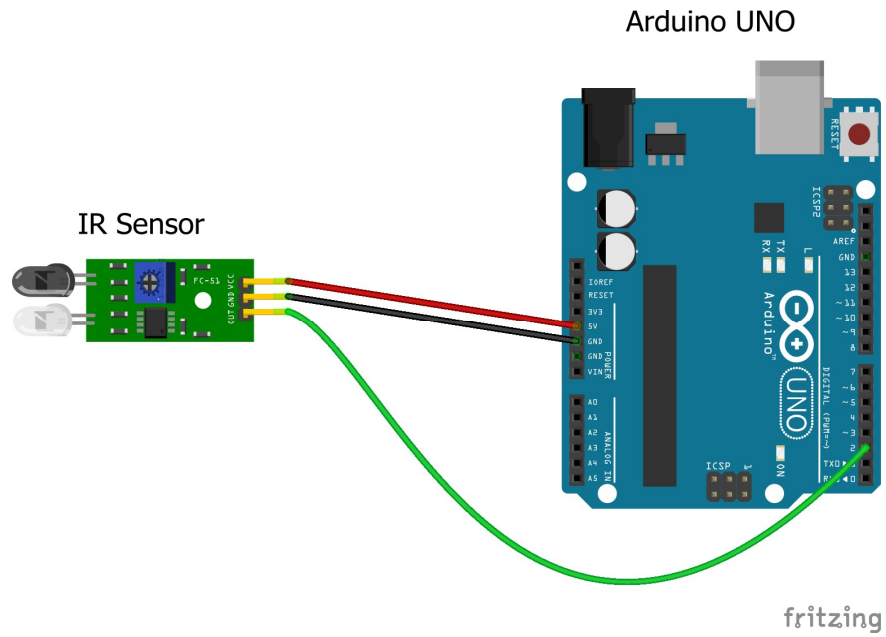

Idea #4:

Arduino with an all band radio receiver

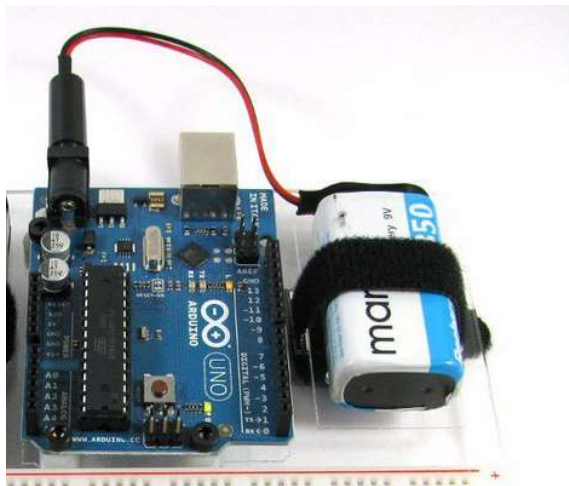

Idea #5:

Arduino with IR Sensor

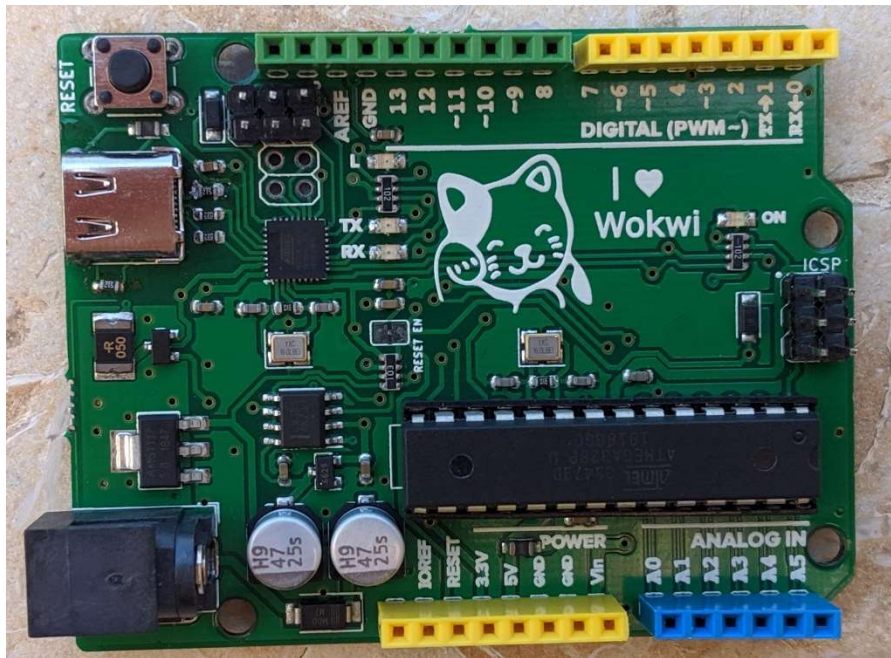

Idea #6:

Arduino with Battery connector in place of power

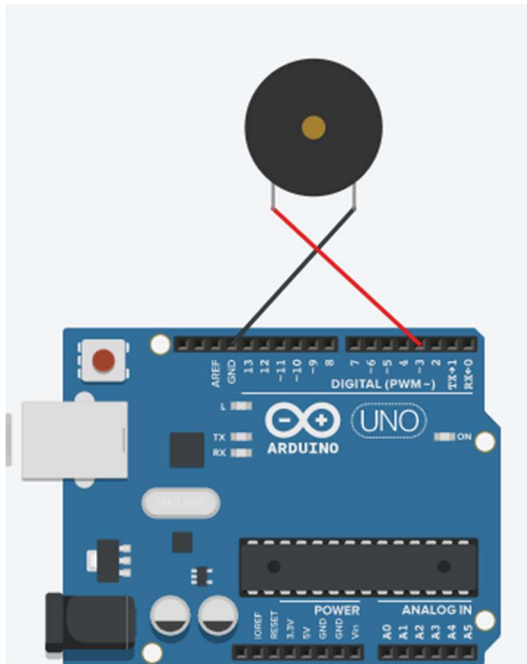

Idea #7;

Arduino with USB-C

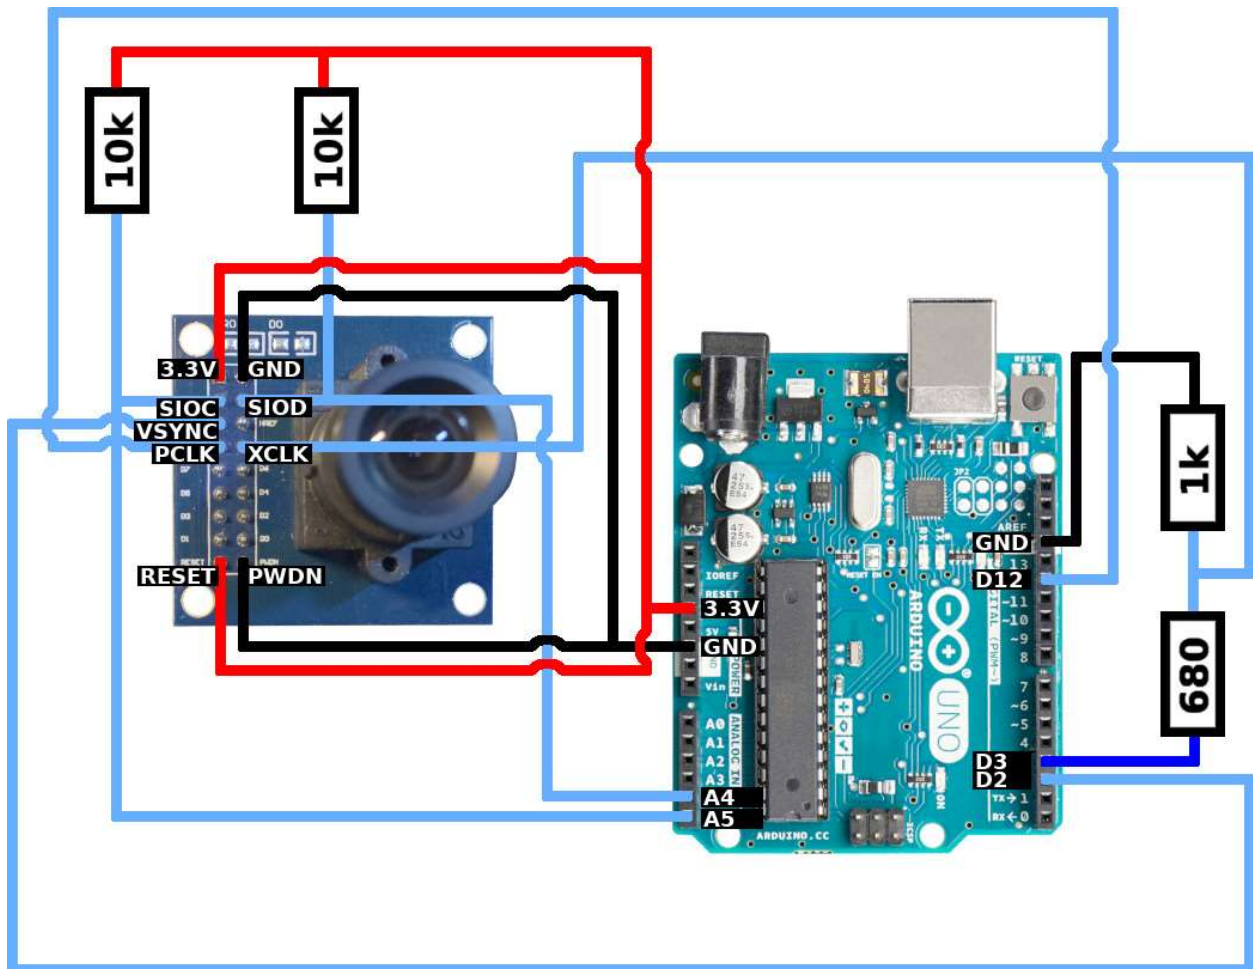

Idea #8:

Arduino with Speaker

Idea #9:

Arduino With Camera

Idea #10:

Arduino with 4 LEDs built in
